Work & Volunteer Experience

ARCHITECTURAL INTERN

MulvannyG2 Architecture, Portland OR, August 2011-Present

Providing schematic design, design development and construction documentation services on retail projects (new construction as well as retrofits) and coordinating with consultants, clients and other design professionals to produce Revit models and documents rapidly and to a high level of quality, developing new efficiencies in workflow and providing troubleshooting as part of the Revit support team, promoting equality and leadership as co-editor for the Women in Leadership's Pin-Up publication, contributing to a firm-wide effort to research sustainability in architecture in the Northwest and its implications for our client base, and creating a matrix of sustainable cost-saving strategies applicable to big box retail for one of our major clients.

ARCHITECTURAL DESIGNER AND SUSTAINABILITY CONSULTANT

Mahoney Homes LLC, Beaverton OR, 2005-2011

Provided design and green consulting services for my family's home building company, introduced energy-saving strategies that minimized initial investment, created drawings and digital models of custom homes (including interior details such as cabinetry, finishes and lighting design) on a variety of detached single-family residential projects (both new construction and remodels), aided in construction administration, and provided manual labor.

AMERICORPS MEMBER: OUTREACH/MARKETING COORDINATOR

Green Iowa AmeriCorps, Cedar Rapids IA, 2010

Educated the community about sustainable living, weatherized and retrofitted homes for energy savings, conducted energy audits, partnered with local energy, sustainability and building organizations, built green projects, provided clerical and office management services, designed educational materials, and coordinated outreach and volunteer events.

PROFESSIONAL OUTREACH COORDINATOR

Ecological Design Center, University of Oregon, 2008-2009

Developed and organized the Green Firm Connection project and events, acted as a liaison between the Eugene Cascadia Branch and the University, and assisted with the student-run HOPES sustainability conference.

CONSTRUCTION MANAGEMENT INTERN

S.D. Deacon General Contractor, Portland OR, Summer 2007

Assisted in project management, worked in customer service, aided in general office maintenance and accounting, and contributed to special projects for the development group.

Skills

TOOLS: Revit, SketchUp, AutoCAD, Adobe CS5 (Illustrator, Photoshop, InDesign, Dreamweaver), Microsoft Office (Word, PowerPoint, Excel), rendering software (3ds Max, IDX, Artlantis), hand media (pen and ink, watercolor, pencil sketching)
